Murphy Joins Murphy Company as Project Engineer

ST. LOUIS – Murphy Company has added Jason Murphy as a project engineer.

As project engineer, Murphy assists in the planning and execution of projects, oversight of construction sites, and management of project objectives, requirements and personnel.

Murphy has worked on major projects for Pfizer and Chrysler. He previously worked as a pipefitter and project installation leader within the automotive industry, completing projects for Ford, General Motors and Chrysler.

Murphy Company delivers mechanical solutions to the industrial, commercial, institutional and heavy industrial markets. With corporate offices in St. Louis and Denver, Colo., and regional offices in Fairview Heights, Ill., and Colorado Springs, Colo., the firm offers process piping, HVAC, refrigeration, plumbing, design-build, piping fabrication, energy solutions and 24-hour service. Murphy currently is ranked No. 11 on Engineering News-Record's list of top mechanical contractors in the United States. Founded in 1907, the firm employs more than 1,000 people nationwide.
