NEWS RELEASE

Murphy Promotes Anne Hill to Vice President, Corporate Development

ST. LOUIS – Anne Murphy Hill has been promoted to vice president of corporate development at Murphy Company. Pat Murphy, president, made the announcement.

Hill previously led Murphy's Energy Solutions group and will continue to provide executive leadership as the group expands. In addition, her new responsibilities include identifying strategic opportunities in new market segments and enhancing Murphy's community involvement.

"Anne is a fourth-generation Murphy, and we are proud to have her continue the legacy of our company's expertise in the mechanical contracting industry," said Murphy. "Anne has led the Energy Solutions initiative from what started as a concept into an offering that provides great value to our customers, and we're excited to see what she will bring to this new position."

As director of Energy Solutions, Hill led a team composed of energy engineers, auditors and project managers seeking to reduce energy usage and related costs. Since starting the group, Murphy has worked with more than 300 organizations on energy reduction projects, qualifying customers for more than \$1 million in energy savings incentives.

Hill also plays a leadership role in several local professional and philanthropic organizations, including the Metro YMCA Executive Committee, Villa Duchesne and Oak Hill School Board of Trustees, Social Venture Partners, the Princeton Club of STL, the United Way Women's Leadership Giving Initiative and the Enterprise Bank & Trust Business Leadership Forum. Previously recognized by the St. Louis Business Journal in its annual 30 Under 30 Awards, she holds a master's degree in business administration from Stanford University and a bachelor's degree in architecture from Princeton University.

Murphy Company delivers mechanical solutions to the industrial, commercial, institutional and heavy industrial markets. With corporate offices in St. Louis and Denver, Colo., and regional offices in Fairview Heights, Ill., and Colorado Springs, Colo., the firm offers process piping, HVAC, refrigeration, plumbing, design-build, piping fabrication, energy solutions and 24-hour service. Murphy currently is ranked No. 13 on Engineering News-Record's list of top

mechanical contractors in the United States. Founded in 1907, the firm employs more than 1,000 people nationwide. For more information, visit www.murphynet.com.
